All submitted articles should report original, previously unpublished research results, experimental or theoretical.

PROCEEDINGS

Accepted papers will be included in Conference Proceedings and submitted for indexing to Scopus, EI Compendex, Inspec, et al.

SCI/EI JOURNAL

Journal of Information Science and Engineering
Indexed In: indexed within SCIE (Web of Science), EI Compendex, Scopus, etc
Impact Factor: 1.142

Special Issue: "Special Issue on Advanced Networking and Communication Solutions for Wireless Mobile Networks"

TOPICS

FOUNDATIONS

Mathematical, probabilistic and statistical models and theories
Machine learning theories, models and systems
Knowledge discovery theories, models and systems
Manifold and metric learning
Deep learning
Scalable analysis and learning

DATA ANALYTICS, MACHINE LEARNING AND KNOWLEDGE DISCOVERY

Learning for streaming data
Learning for structured and relational data
Latent semantics and insight learning
Mining multi-source and mixed-source information
Mixed-type and structure data analytics
Cross-media data analytics
Big data visualization, modeling and analytics

STORAGE, RETRIEVAL AND SEARCH

Data warehouses, cloud architectures
Large-scale databases
Information and knowledge retrieval, and semantic search
